All the wines of the world in one location! Wines by Jennifer has been serving wine lovers (craft beer and spirit lovers too) for 18 years in historic downtown Parkville.

## Their Story

Wines by Jennifer is not your ordinary wine merchant – they offer so much more in their totally restored historic house that is designed to represent the major wine regions from around the world.

**Tastings on demand** are available Thursday through Saturday. Their Tasting Room is like a visit to “wine country” with new wines for you to sample weekly.

A **private wine club** with hand-selected wines can help you expand your wine horizons, in addition to savings and specials for their members.

Wines by Jennifer is the perfect place for your **private party or special event** – outdoors in their beautiful wine garden or in one of their theme rooms representing each of the world’s major wine regions.

Their staff of wine enthusiasts are friendly and knowledgeable, and their exceptional service makes all the difference in the world.
